CRA 2 SUMMARY WORKPLAN and BUDGET **OCTOBER 2020 TO SEPTEMBER 2021**

For 2020/21 the CRAMAC 2 Board has agreed to partially offset the following Business Plan expenditure from accumulated funds. The 2020/21 CRA 2 Stock Specific Levy will be \$114.36 per tonne per annum.

ADVOCACY AND PROMOTION

1. To promote the CRA 2 rock lobster fishery and enable communication internally with shareholders and externally with other stakeholders and organisations.
2. To enhance the profile of the CRA 2 Rock Lobster Management Company Limited and the CRA 2 industry and its participants and promote positive and accurate portrayal of the industry in the media.
3. To continue positive dialogue with other user groups where opportunities exist to benefit the CRA 2 fishery and/or commercial fishing access and opportunity.
4. To maintain relationships with other stakeholder organisations, iwi, government agencies and a range of non-government organisations having interest in the marine environment.
5. To have oversight of and communication with Government and local agencies whose policies and decisions may impact on the CRA 2 fishery and/or on fishing opportunities for the industry.
6. To maintain open contact with the Ministry of Primary Industries Compliance locally and contribute to an effective compliance strategy to combat fish thieving from CRA 2.

\$29,120

DEVELOPMENT OF STANDARDS AND SPECIFICATIONS

7. To monitor activities in, on, or under the ocean adjacent to the CRA 2 area rock lobster fishery out to the EEZ to ensure marine and maritime activities have minimal impacts on rock lobster stocks.
8. To further develop and maintain appropriate biotoxin response procedures and monitor biotoxin occurrences as needed.
9. To ensure shareholders remain informed and have a clear understanding on relevant fishery and industry issues.

\$10,000

ELECTIVE RESEARCH

10. To investigate and initiate if appropriate phytoplankton surveys including sample selection and testing.
11. To distribute and maintain data logging equipment; collect data on the CRA 2 fishery; support the electronic logbook programme; establish, maintain and access as required a CRA 2 research database and ensure data is secure and usable by the CRA 2 industry.

\$34,000

FISHERIES MANAGEMENT

12. To establish, co-ordinate and implement industry management measure as agreed by shareholders.

\$5,000

TOTAL (to be offset by accumulated funds)

\$78,120

Amount to be levied:

\$ 9,149.00

The proposed CRA 2 Stock Specific Levy will be \$114.36 per tonne, commencing 1 October 2020.
